

KEITH FRITZ

Saber Step Back Breakfront

This multi-purpose breakfront is designed for either a home office or an entertainment center. It has four generous file size drawers and the center has retractable pocket doors capable of holding and hiding media and stereo components. The piece is named for its saber feet and crown with sweeping curves. The drawers are solid walnut with hand cut dovetails as with all drawers by Keith Fritz.

Dimensions shown 115"W x 24"D x 96"H Customization available.
