

PORTRAIT CHAIR

In deference to the Arts and Crafts values of quality and craftsmanship, the Portrait Chair is a companion to the Portrait Sofa and comfortable on its own providing a tailored abundance of comfort and style. An exposed wood frame surrounds the back and arms. Arm options make this collection adaptable to a variety of contexts. Open arm slots keep it light and airy; a bookshelf arm option provides spaces for books and provides a built in end table; and the upholstered arm gives it a more transitional style.

Handcrafted in California.

DIMENSIONS

29"W x 36.5"D x 30"H

WOOD/FINISH
