

KEITH FRITZ

Hexagon

We fused a traditional Neo Classical form with Art Deco geometry for this table. Blended, the elements from both schools collaborate seamlessly to give the whole piece a sense of unity and simplicity. The table is shown in Chocolate Rosewood face with French Walnut pedestal and optional shaped edge.

Options: Available in all woods and finishes

The base is made in Walnut or Cherry in the correlating finish to the face veneer selected

T-05-102 60"Dia. x 29.5"H
