

KEITH FRITZ

Jasper Commode

Sweeping yet restrained curves emboldened with ebony banding lend this piece a Jeffersonian elegance. The hand-planed finish sprang from our love of antiques whose nicks and fades only add to their inviting warmth. We replicated these elements to give this generous server the look and feel of an heirloom kissed by time. Also shown in Antique Butternut Crotch and Coffee on French Walnut with Custom Pulls.

Available in all woods and finishes
Available as a TV cabinet with Plasma / LCD Lift Mechanism
